

CITY OF NORTH VERNON

HAROLD "SOUP" CAMPBELL, MAYOR

January 26, 2010

The Honorable Richard Lugar
U.S. Senator
306 Senate Hart Building
Washington, D.C. 20510

Dear Honorable Richard Lugar,

On behalf of the City of North Vernon, I would like to express my support of the funding request for the water project in our city.

The future of the City's water supply and quality is in great jeopardy and unable to meet the current and future water use requirements of the City. This project is of utmost extreme importance to our community so that we can provide safe and clean drinking water and adequate fire protection to our residents. In addition to addressing the health and safety issues of North Vernon, the long term opportunities of the project are critical to boost economic development.

Your support is crucial to the future of North Vernon's ability to provide drinking water to this rural community. If you have any questions, or if there is any way I can be of assistance, please do not hesitate to contact me.

Regards,

Harold N. Campbell
Mayor, City of North Vernon
